# PRECAUÇÕES DE SEGURANÇA

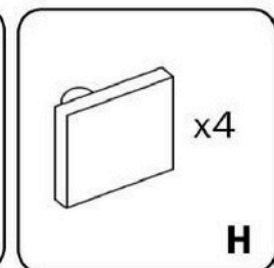

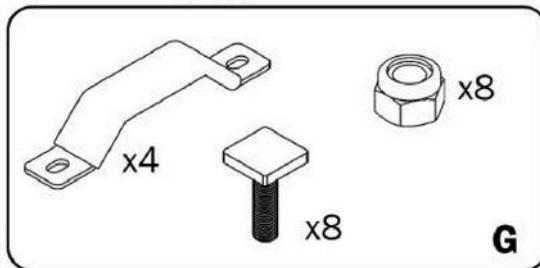

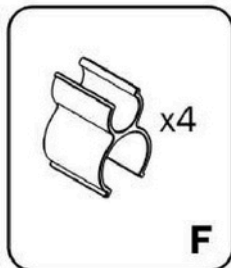

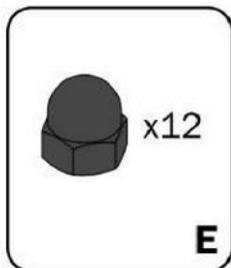

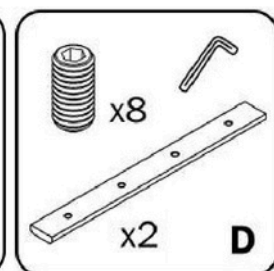

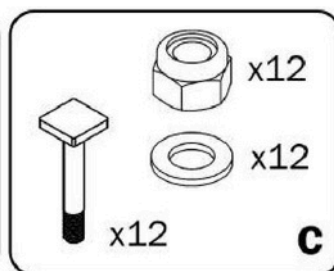

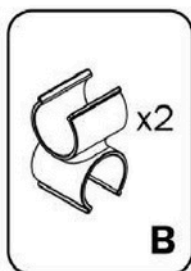

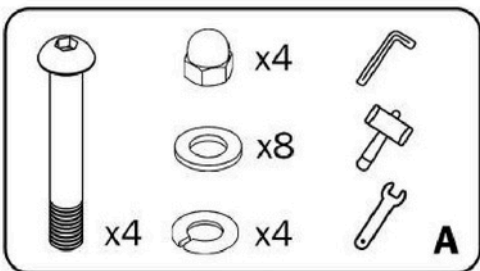

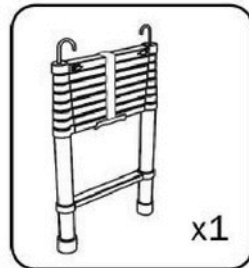

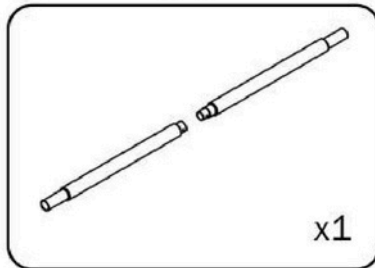

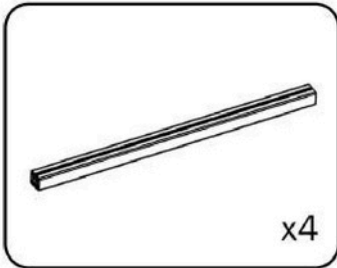

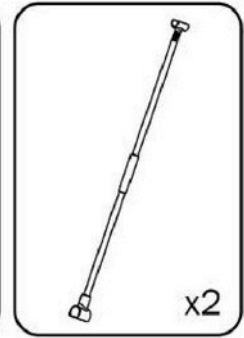

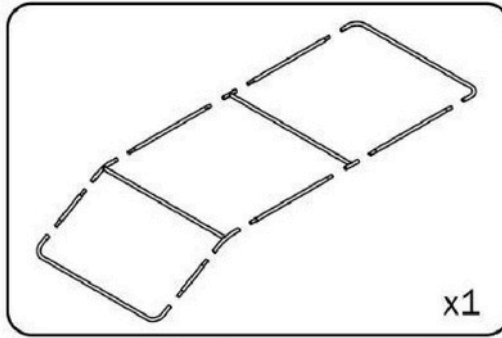

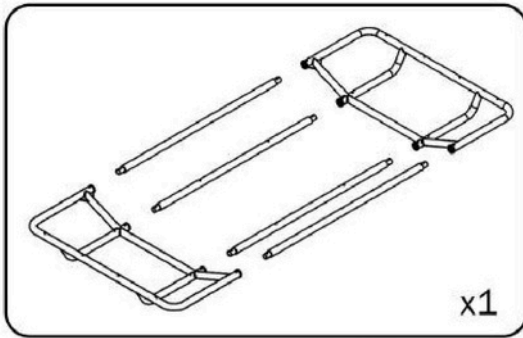

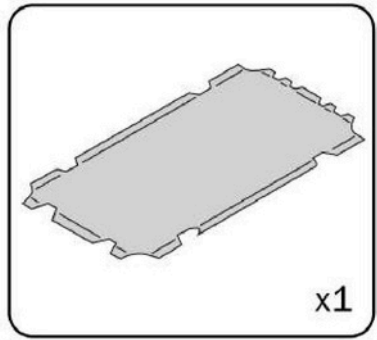

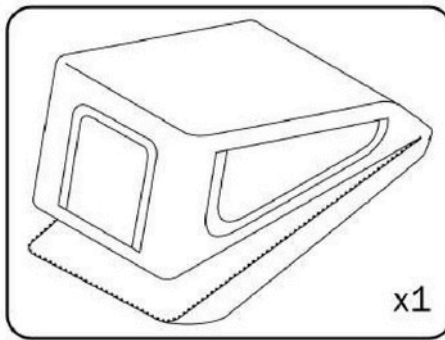

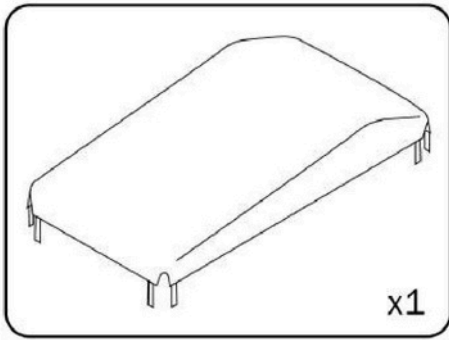

## Deve certificar-se de que :

- Adquiriu barras de tejadilho que: são fabricadas por um fabricante conceituado; estão autorizadas para utilização em conjunto com o seu veículo; foram testadas (por exemplo, com certificação GS); e têm um limite de carga adequado para o modelo TentBox que está a instalar.
- Instalou as barras de tejadilho de forma segura e conforme as instruções do fabricante.
- A sua TentBox está instalada de forma segura e conforme as nossas instruções de montagem.
- A sua TentBox está totalmente fechada e segura com as correias de fecho durante a condução.
- Verifica regularmente se as barras de tejadilho estão bem fixadas ao seu veículo, de acordo com as instruções do fabricante, e se nenhum dos componentes está danificado.
- Verifica regularmente se a sua TentBox está bem fixada às barras de tejadilho e se nenhum dos componentes está danificado.
- Nunca conduz a mais de 110 km/h quando tem uma TentBox instalada no seu carro.
- Tem em consideração a alteração no comportamento de condução do seu veículo quando uma TentBox está instalada no seu carro, tendo em conta a sensibilidade ao vento lateral e o comportamento nas curvas e travagens.
- Tenha em consideração a alteração na altura do seu veículo quando uma TentBox estiver instalada no seu carro. A altura do seu veículo pode aumentar até 90 cm (dependendo das barras de tejadilho), por isso tenha cuidado com entradas baixas e ramos baixos.
